

# DEK Solder paste nozzles

DEK Solder paste nozzles have been designed to facilitate solder paste cartridge changeover more cleanly and efficiently than conventional re-usable nozzles.

DEK Solder paste nozzles easily snap into place, making the cartridge immediately ready for use with on-board printer auto-dispense technologies. These easy-to-use nozzles eliminate clean-up of internal threads and solder paste drip, which are common side effects of threaded dispense tip installation.

With this unique design, manufacturers can reduce process costs, lower material waste and limit operator intervention.

**Features and benefits:**

- Color-coded: Visual identification of leaded and lead-free solder pastes.
- Non-drip: Paste flow is more controlled and excess material reduced; 'X' low profile promotes paste mixing during solder bead deposition.
- Disposable: Simple, reduced-cost nozzles can be disposed of with the empty solder paste tube. Eliminates messy, time-consuming nozzle changes. Compatible with SEMCO® type paste tubes.
- Low waste and anti-mix strategy compliant: Compact format reduces the amount of paste 'in transit' through the nozzle. Disposable design ensures no cross contamination of paste types.

DEK SOLDER PASTE NOZZLES			
Part number		Description	Unit
SAP	DEK		
03131635	800120	Paste nozzles green (lead-free)	500
03131636	800125	Paste nozzles red (lead-rich)	500
03128678	800121	Paste nozzles green evaluation pack	25
03128629	800126	Paste nozzles red evaluation pack	25
